

Open ENLoCC

Description

European Network of *regional* Logistics Competence Centers

The main task of the network is the international exchange of **REGIONAL** experiences and knowledge between its participants and the promotion of a higher level of cooperation with European institutions.

This is ensured thanks to the **REGIONAL** approach in transport and logistics and by bringing together and networking political and logistics key players;

Logistics Knowledge Base

The Open ENLoCC member institutions each hold a huge amount of regional logistics knowledge. Furthermore, typically each is a specialist in one or more topics, with a reputation across Europe.

Logistics Training

The Open ENLoCC members offer logistics training and education or in any case have close ties to the relevant logistics training and education institutions in their area.

European Transport Corridors

For several such corridors, Open ENLoCC members cooperate on exchanging regional knowledge regarding these corridors, with an emphasis on freight transport.

who we are

15 years of Open ENLoCC

On November 17th 2006 we started this experience with years of collaboration within our European network, focusing on European as well as regional projects and supplementing each other on regional logistics knowledge

Open ENLoCC General Assembly

The Ordinary General Assembly meeting takes place at least once per year. The last one was held virtually due to the covid restrictions. All members are invited to participate.
